

Making Sense and Making Puzzles

The puzzles we are demonstrating at Cheltenham Science Festival are called *Light Box* and *Hexagon Colouring*.

Visit www.warwick.ac.uk/em/construit/cheltenham to take part in our challenges and find out more!

This project has been funded with support from the European Commission. This publication reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein

*Making construals as a new digital skill for creating
open education resources*

We define a '*construal*' as a dynamic script of definitions, with a corresponding visualisation.

Construals can be used to represent a current '***state of mind***' of the modeller.

CONSTRUIT! is an EU (Erasmus+) Project with six partners running from 2014—2017

(www.construit.org). We aim to introduce new principles and tools for creating live interactive resources to serve as personal, shareable 'working models' or understandings.

Dr. Steve Russ and Dr. Jonny Foss for the CONSTRUIT!
team at Warwick, June 2015
